ALEXANDRIA SANITATION AUTHORITY WELCOMES ALL TO EARTH DAY EXHIBIT

Ever wonder what happens to the water when it goes down the drain? Find out by visiting the [Alexandria Sanitation Authority](#) exhibit at [Alexandria Earth Day](#), Saturday, April 24, 2010, from 10 AM until 2 PM in [Ben Brenman Park](#).

ASA's exhibit will show how this award-winning wastewater treatment facility cleans dirty water, and how it fulfills its core values: to be an [environmental steward](#), a [good neighbor](#), and an [industry leader](#).

There will be children's activities at the ASA Liquid Lab, where kids can conduct hands-on projects with a laboratory technician and learn more about water.

ASA is also a proud supporter of the [Ellen Pickering Environmental Excellence Award](#), which recognizes outstanding citizens who have demonstrated their commitment to protecting the natural environment and promoting environmental sustainability. Ellen Pickering was a member of the ASA Board of Directors from 1992 until 2007, and was dedicated to conservation and preservation in the City of Alexandria. The winner of the award will be announced at the event.
