

ALEXANDRIA SANITATION AUTHORITY (SEWER RATES)

These revenues go to the Alexandria Sanitation Authority (ASA) for the operation of the wastewater utility. For specific questions regarding the Sewer portion of your bill, please contact the Alexandria Sanitation Authority at (703) 549-3381.

Sewer Rates:

Eff. 10/01/09

Account Service Charge per bill rendered	\$4.51
Gallorage Charge per 1,000 gallons of water consumption	\$6.36

For Quartely, Residential Customers Only:

Sewer usage is established for the year based on a customer's winter quarter usage (bills rendered in February, March and April). For the remaining three quarters of the year, customers will either be billed at this winter quarter usage or actual usage whichever is lower.

Estimated Bills:

On rare occasions it may be necessary for your bill to be estimated. This could occur because of weather or some event that does not allow for an actual reading of the meter. When an estimate occurs, 15 thousand gallons is the usage for the quarter. The effect of the estimate is corrected in the next quarter when an actual reading occurs.

CITY OF ALEXANDRIA (SEWER SERVICE CHARGE)

These revenues go to the City of Alexandria for the maintenance of sewer lines in the City. Rate effective 07/01/05: \$1.00 per 1,000 gallons of water usage.
Minimum charge: \$0.40/month or \$1.20/Quarter.

CITY OF ALEXANDRIA (CITY UTILITY TAX)

These revenues go the City of Alexandria
Residential customer rate is 15% of monthly utility bill.
Commercial and Industrial customer rate is 15% of first \$150 of monthly utility bill.
